**The only mattress and pillow brand recognised by NASA and certified by the Space Foundation**

At the heart of each mattress and pillow we create is our iconic TEMPUR® Material, born from NASA technology. In the late 1960s, NASA scientists invented a completely new material used onboard the Space Shuttles.

Our founders realised the material's unique potential. So they took that original NASA invention and spent years perfecting it into TEMPUR® Material and created the world's first viscoelastic mattress and pillow.

First proving its value in the healthcare sector, TEMPUR® is now found in bedrooms around the world, transforming the sleep of millions. It's why we're the only mattress and pillow brand recognised by NASA for improving the quality of life. An honour that sets us apart, keeps us humble and inspires us to continually innovate for sleep that's out of this world. And it all started with those original NASA scientists.

**TEMPUR為唯一獲美國太空總署 (NASA) 認可及太空基金會認證的寢具品牌**

我們所有床褥和枕頭均採用 TEMPUR® 專利物料製造。此物料源自 NASA 技術，於 60 年代末由 NASA 科學家研發用於太空穿梭機內的全新舒壓放鬆物料。

TEMPUR® 創始團隊意識到這種物料的獨特潛力，便以 NASA 研發的技術為基礎，經過多年時間改良後，創造了世界上首批具慢回彈 (visco-elastic) 特性的床褥和枕頭。

TEMPUR® 早在醫療用途上發揮顯著成效，時至今日，品牌足跡已遍佈全球，重新塑造幾百萬人的睡眠質素。作為市場上唯一獲 NASA 認可的寢具品牌，這項榮譽使我們與眾不同，並以優化大眾生活質素為發展目標。
