THE FUTURE OF SLEEP IS HERE

# TRUE, RESTFUL SLEEP WITH TEMPUR®

Great sleep is vital to us all. It's important for our health, development and wellbeing. And we know too many people still don't get the sleep they need.

At TEMPUR®, our purpose has always been to improve the sleep of more people every night, all around the world. That's why, since inventing the world's first viscoelastic mattress and pillow more than 30 years ago, we've gone on to innovate and develop a full range of leading sleeping products. And with our unique healthcare and medical heritage, we truly understand the importance of a good mattress and pillow to deliver better sleep.

Now, with the all new TEMPUR Pro® range, we've taken our revolutionary sleep technology even further. Taking comfort and support to a whole new level to transform the sleep of people worldwide. So whether you toss and turn, or sleep with pain and discomfort, or sleep too hot, we have just the right solution for you. Because, when you spend one third of your life sleeping, you should settle for nothing but the best.

# BORN FROM SPACE AND PERFECTED FOR SLEEP

**The only mattress and pillow brand recognised by NASA and certified by the Space Foundation**

At the heart of each mattress and pillow we create is our iconic TEMPUR® Material, born from NASA technology. In the late 1960s, NASA scientists invented a completely new material used onboard the Space Shuttles.

Our founders realised the material's unique potential. So they took that original NASA invention and spent years perfecting it into TEMPUR® Material and created the world's first viscoelastic mattress and pillow.

First proving its value in the healthcare sector, TEMPUR® is now found in bedrooms around the world, transforming the sleep of millions. It's why we're the only mattress and pillow brand recognised by NASA for improving the quality of life. An honour that sets us apart, keeps us humble and inspires us to continually innovate for sleep that's out of this world. And it all started with those original NASA scientists.

# TEMPUR® MATERIAL IS LIKE NOTHING ELSE ON EARTH

The name TEMPUR® reflects our material's temperature-sensitive nature. It's both viscous and elastic. A unique combination achieved by billions of ultra-sensitive cells that adapt to your body's unique shape, weight and warmth.

With TEMPUR® Material, you experience a sensation completely unique to you. It precisely aligns and conforms to every inch of you, relieving pressure from sensitive areas, including your shoulders, back, hips and joints for pure comfort and support throughout the night. It even absorbs motion from you or your partner, so you're less likely to disturb one another.

How TEMPUR® Material works is complex, but what it does is simple, helping you get that true, restful sleep..

# QUALITY IN EVERY DETAIL

All TEMPUR® Mattresses are designed and made in Denmark a country with a long-respected tradition of blending form and function with exceptional quality.

From carefully selecting each component to delicately stitching every thread, we create the highest quality mattresses to help you get the best night's sleep. In fact, during the 60 hours it takes to create a TEMPUR® Mattress, our team performs up to 67 checks, ensuring every detail is perfect for your bedroom.

That's why every TEMPUR® Mattress comes with a 10 year manufacturer's guarantee, plus LGA and TÜV quality certifications to meet the highest standards of health, safety, environmental and technical excellence. Our new TEMPUR Pro® and TEMPUR Prima® ranges are also MADE IN GREEN by OEKO-TEX® certified with sustainability credentials you can trust and peace of mind that lasts.

# NUMBER 1 IN CUSTOMER SATISFACTION

TEMPUR® has received multiple awards over the years. But for us, there's only one true measure of success – customer satisfaction.

On our mission to improve sleep every night, all around the world, we're intensely listening to our customer's feedback, to provide the ultimate TEMPUR® experience.

That's why we're very proud to be ranked:

## #1 IN CUSTOMER SATISFACTION

TEMPUR® owners are, on average, more satisfied than owners of other mattress brands.\*

## #1 IN QUALITY OF SLEEP

TEMPUR® owners report, on average, better quality of sleep than owners of other mattress brands.\*

## #1 IN BRAND LOYALTY

TEMPUR® owners are, on average, the most likely to purchase a TEMPUR® mattress again.\*

As the world's largest bedding company, we take our commitment to our customers very seriously, a dedication that shows in the performance & quality of our products.

\* Based on consumer research across 2021 and 2022 with over 35,000 mattress owners in 19 countries. Calculated by comparing the average top scores for satisfaction; general quality of sleep; and likelihood to purchase same mattress brand again from TEMPUR® mattress owners across all 19 countries with the closest competitor's average top scores in each country. Closest competitor means the nearest competitor based on the interview scores only.

# LABELLED MADE IN GREEN BY OEKO-TEX®

As a responsible and ethically conscious company, it's important to us that you know your TEMPUR® product is made safely and sustainably.

That's why we're proud our new TEMPUR Pro®, TEMPUR Prima®, TEMPUR One™ and TEMPUR® Comfort Pillow ranges are all MADE IN GREEN by OEKO-TEX® labelled. This ensures every labelled product is made with materials thoroughly tested to be free from harmful substances and produced in environmentally friendly facilities under socially responsible working conditions. We're also striving to reduce our energy footprint and our impact on landfill sites in innovative and impactful ways. So we can all sleep better at night, knowing we're doing our part to help leave a smaller footprint on our environment.

# HOW TO OPTIMISE YOUR SLEEP WITH THE RIGHT PILLOW

Optimise your sleep by choosing the TEMPUR® Ergonomic pillow that helps support your body in its neutral position. Here is how you can see if your chosen TEMPUR® Ergonomic pillow is your natural fit.

First, consider your sleeping position. Whether you sleep on your back, side or front, or if you turn from side to side, choose from pillows in the range specifically designed to match your preferred sleeping position.

When it comes to size of your pillow, we suggest matching your upper body size, then considering your mattress feel to assess if you need to size up or down. For a smaller body size with a shorter neck-to-shoulder distance, a smaller pillow choice would be beneficial, while for a larger body size with a longer neck-to-shoulder distance, a larger size pillow may be more ideal.

Next, look at the firmness of your mattress. The softer it is, the more you will sink in, so you will more likely need a smaller pillow. If you like a firmer mattress, then a larger size pillow could be beneficial.

And if you've chosen TEMPUR Ombracio™, it only comes in one size, but its unique cloverleaf design makes it ideal for all shapes and sizes of front sleepers.

Remember this is only a recommendation. For a fully tailored solution, visit your nearest TEMPUR® store.
