

The only mattress and pillow recognized by NASA and certified by the Space Foundation.

TEMPUR - a technological revolution in your bedroom. The core of TEMPUR is a unique material, originally developed for the NASA space program. The objective was to protect and offer comfort cushioning for astronauts traveling in space. The TEMPUR material absorbs pressure at both heavy and light loads. NASA presented an award to TEMPUR in 1998 for its significant contribution in transferring aeronautical and space research technology into the private sector to save lives, promote economic opportunity, and help improve the quality of life for humankind.

WARRANTY

A general 2-year warranty is provided on all TEMPUR products. If you return the warranty card, this can be extended to:

- 3 years for pillows
- 10 year full guarantee for mattresses
- 2 years for bed bases
- 3 years for mattress protector

The warranty covers only manufacturing defects with visible indentations (more than 2cm) in the TEMPUR material. The warranty does not cover normal changes to the feeling of the TEMPUR material, as this does not affect the product's pressure relieving properties.

TEMPUR® Mattress Collection

When lying down on a Tempur mattress, it conforms to the shape of your body. Soft where you want it firm where you need it. A Tempur mattress will let your body find its most comfortable position and support it there for a better nights sleep.

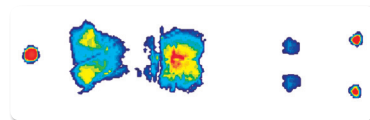

FEEL THE DIFFERENCE

We've created four distinct mattress collections. Each feels unique, offering a different style of comfort, but all deliver on our core promise to actively adapt and conform to your body's weight, shape and temperature. This flagship collection showcases what we are known for around the world: sleep technologies base on the renowned TEMPUR® viscoelastic material. It is this balance of outstanding comfort and support that has earned TEMPUR® to consistently rank number 1 in customer satisfaction and overall quality of sleep around the world. So ask a Tempur owner why they recommend Tempur or visit a store to experience Tempur for yourself.

TEMPUR Mattress

Ordinary Spring Mattress

Light blue indicates areas of low pressure. Green, yellow and red indicate areas of high pressure and discomfort. The results of this test using elastic "quilt" containing pressure sensors connected to a computer, show that by far the best pressure relief was obtained with Tempur Mattress

MAINTENANCE

Maintaining a Tempur mattress is easy. Thanks to the permanent memory of the Tempur Material, the mattress will return to its original shape everytime. As a result, the mattress does not require flipping or turning. The Tempur material is hypoallergenic, containing no commonly known allergens, and the mattress covers are antimicrobial treated to inhibit the growth of microorganisms and improve freshness. The covers can also be easily removed for washing.

TEMPUR® ORIGINAL COLLECTION Designed for a Medium feel

Experience where it all started. The TEMPUR® Original Collection is all about the core benefits that built the TEMPUR® name around the world. Space technology allows you to enjoy weightless comfort and support for the entire body.

Your Best Night's Sleep Starts Here

ph.tempur.com

Enjoy a better night's sleep with TEMPUR®

Sleep is essential for your health and well-being. Your body needs to sleep to regenerate, while lack of sleep can affect both immune response and vital functions such as learning and memory. So why not give yourself the best sleep possible?

Used or recommended by over 75,000 medical doctors, chiropractors, physiotherapists and osteopaths worldwide.

Temperature sensitive
TEMPUR proves that a mattress does not have to be firm or soft, it can be both. The TEMPUR material senses your body temperature. It becomes softer in warmer areas, where your body is exerting more pressure, and remains firm in cooler areas, so you can sleep in your most comfortable position.

Full body support
The TEMPUR material gently molds to the shape of your body, so the spine and joints rest in their natural positions, giving your neck, back, shoulders and legs amazing comfort and support.

Less tossing and turning
Your body weight is perfectly absorbed and redistributed to relieve pressure points. This can help decrease the need to toss and turn during the night.

Better sleep
The TEMPUR material absorbs motion energy so that partners are less disturbed by each other's movements and can therefore enjoy a better night's sleep. TEMPUR may also help reduce snoring so you get a more restful sleep.

TEMPUR® MAKES BACK AND NECK PROBLEMS HISTORY

The unique pressure relieving properties of the TEMPUR mattress and pillow not only provides the most comfortable night's sleep, but also guarantees to help relieve back and neck problems, aching joints and circulatory problems. When choosing a bed, people often do not consider their posture. Bad posture and pressure is the main contributor to back, neck and joint problems. The wrong mattress can worsen these conditions if it is too hard or too soft.

HEADACHES/STIFF NECK
Tension in the neck muscles is often aggravated by a poor sleeping posture, which can cause headaches.

FIBROSITIS
Poor bed posture often causes tension in back and shoulder muscles.

BACK PAIN
Pain and stiffness are often aggravated if the mattress forces the spine into an unnatural position.

PAINFUL HIP JOINTS
A hard mattress can worsen painful hips and lead to discomfort and inflammation of the joints.

ACHING KNEES
Pressure and touch can make aching knee joints even more sensitive and vulnerable.

CIRCULATORY PROBLEMS
Swollen feet and calves can benefit from a mattress which relieves pressure.

TEMPUR MATTRESS
The TEMPUR mattresses and pillows allow the spine and joints to rest in their natural positions, resulting in less snoring and undisturbed serene sleep.

ORDINARY SPRING MATTRESS
An ordinary mattress and pillow often cause pressure and unnatural sleeping positions resulting in decreased circulation, numbness, pain, discomfort and poor quality of sleep.

TEMPUR® Pillow Collection

Choose your perfect pillow

ERGONOMIC SUPPORT PILLOWS
Specially shaped pillows to support your favorite sleep position

Original Pillow
Helps align your spine when sleeping on your back or side. It conforms to your natural curvature to help neck and shoulder muscles relax fully to alleviate any discomfort.

Millennium Pillow
Designed for sleepers that snore or wish to alleviate discomfort. This pillow tilts forward slightly to hug your neck and shoulders when you sleep on your side or back.

Classic Pillow
Combines a traditional pillow design with functional neck support and the unique benefit of the TEMPUR material.

Symphony Pillow
The pillow offers a more traditional shape with gently sloping contours and a thicker profile for consistent, all night support without shifting or reshaping.

Ombracio Pillow
The special patented design of this pillow with indentations on the sides allow easy breathing when sleeping on your stomach.

Traditional Pillow
This pillow has a huggable feel and can be easily shaped for comfortable support in any sleeping position, providing personalized cradling support.

Long Hug Pillow
Besides being used as a hug pillow, its length means that it can replace the need for two pillows on a double bed. It can also be used as a support pillow when reading or watching TV in bed or on the couch.

Signature Comfort Pillow
The New Comfort Pillow Signature is made with TEMPUR® Material micro cushions, to perfectly cradle your head, neck and shoulders.

CLASSIC COMFORT PILLOWS
Traditionally shaped pillows for versatile comfort

Traditional Pillow
This pillow has a huggable feel and can be easily shaped for comfortable support in any sleeping position, providing personalized cradling support.

Long Hug Pillow

TEMPUR® Flex Bed Bases

A quality Bed Base can boost the durability and ventilation of your mattress. Combine a high quality Bed Base with your TEMPUR mattress to fully enjoy the superb comfort and support it provides. When selecting a Bed Base, consider which features are important to you.

TEMPUR® FLEX 500
Rigid Bed Base

TEMPUR® FLEX 2000
2-Motor Bed Base

TEMPUR® FLEX 4000
4-Motor Bed Base

Rigid Bed Base
The Rigid Bed Base has newly developed flexible pads made with an open honeycomb structure, for durable strength and better ventilation.

The combination of a TEMPUR Flex Bed Base and a TEMPUR mattress ensures that the weight of your body is evenly distributed across the surface. This enables you to rest in the most comfortable, anatomically correct sleeping position, resulting in a refreshing and relaxing night's sleep.

Adjustable Bed Base
With one simple touch of a button you can raise your head, body and legs without creating pressure or any strain on your body. The TEMPUR mattress easily molds to the shape of the adjustable Bed Base and performs like no other adjustable bed. Reading, watching TV or listening to music has never been easier or more relaxing than with the TEMPUR mattresses and adjustable beds.

TEMPUR® Home and Travel

Enjoy the comfort of TEMPUR 24 hours a day - at home, at work or while traveling. TEMPUR offers a number of pressure relieving products designed to support your body in various situations.

Travel Pillow
TEMPUR travel pillow has the same shape and function as the TEMPUR Original neck pillow but half the width. A practical pouch compresses the volume to 70% when packed.

Bed Back Support
Used on an ordinary mattress the TEMPUR bed back support provides support and relief to the lumbar area. Ideal for pregnant women.

Transit Pillow
Your neck companion when traveling or whenever you need extra neck support. The shape cradles the neck and holds the pillow in place.

Universal Pillow
A semi-circular pillow for all-round use when you need pressure relief and support. Ideal for use under the knees, arms, ankles, the lumbar region or the neck.

Transit Lumbar Support
A handy lumbar support to use while traveling or at home. Simply insert it between the chair and your back in the preferred position.

Sleep Mask
The TEMPUR sleep mask molds to your face to seal out light when you sleep or rest, gently cushioning the eye area.

Lumbar Support
Fits perfectly to the curve of the spine as a result of the variable height adjustments, the anatomical shape and the pressure relieving properties. Ideally combined with seat wedge or seat cushion.

Bed Wedge
For extra support and relaxation, the bed wedge adds extra comfort to your bed. It can be used as a back support when sitting, watching TV or under your legs when resting on your back, providing increased circulation and back relief.

Seat Cushion
Distributes your weight evenly on the entire sitting surface making you sit comfortably for extended periods of time. Can be used on any chair.

Leg Spacer
This is recommended for use between your legs or under your ankles to relieve pressure and improve circulation.

Seat Wedge
Relieves the back in a natural way. Due to its shape, the Seat Wedge pushes the pelvis forward which automatically brings your back to an upright posture. Ideal for everybody working in a sitting position.

The TEMPUR-FIT™ Mattress Protector
Waterproof and breathable, it consists of natural fibers, which are breathable and absorbent. The protector features an 'intelligent membrane' that prevents the mattress from getting wet and is one of the thinnest of its type available on the market.

Travel Set
The TEMPUR travel set offers a portable sleep system for all those away from home. This lightweight set consists of overlay mattress and a travel neck pillow packed into a convenient carrier bag.
